John B. Muegge

October 13, 2026

Department of Psychological Sciences
Department of Speech, Language, and Hearing Sciences
University of Connecticut
Storrs, CT 06269
john.muegge@uconn.edu

Education, Affiliations & Positions

2026 –	Postdoctoral Fellow, University of Connecticut
2020 – 2026	Ph.D., Cognitive Psychology, University of Iowa
2014 – 2018	B.S., Psychology, University of Connecticut

Institute for the Brain and Cognitive Sciences, University of Connecticut
SPARK Society
ROLE Collective

Publications

* Equal contribution to work

In progress

Muegge JB*, Kim H*, & McMurray B. (in prep.) Trial-sequence effects in the visual analog scale task: small but significant effects on performance

Muegge JB, Oleson J, Smith FX, & McMurray B. (in prep). Changes in the dynamics of word recognition in challenging listening conditions are not the product of central adaptations

Muegge JB & McMurray B. (in prep). Releasing strict temporality: navigating connectionist approaches to simulating anadrome effects

Muegge JB*, Kim H*, & McMurray B. (in prep). Simulating tasks of speech categorization: implications for experimental design and statistical inference

Muegge JB & McMurray B. (submitted). Changes made to spoken word recognition in response to challenge are stable and predict speech perception outcomes

Kearney P, **Muegge JB**, & Kutlu E. (in revision). Gradient speech perception and its role in speech intelligibility for prospective speech-language pathologists

Muegge JB, Baxelbaum K, Fergus A, & McMurray B. (in revision). Inter-lexical inhibition is present early and has a unique developmental trajectory: evidence from a novel version of sub-phonemic mismatch

Published

Fuchs Z, **Muegge JB**, & Shea C. (in press). Do heritage speakers work harder in their heritage language? A dual task study of cognitive effort in bilingual language processing. *Bilingualism: Language and Cognition.* https://doi.org/10.1017/S1366728926101308

Kim H*, **Muegge JB***, & McMurray B. (2026). What are you still waiting for? Fricative recognition shows encapsulated processing and is partially predicted by secondary cue reliance. *Journal of Experimental Psychology: Human Perception & Performance, 52(8), 1030–1048.* https://doi.org/10.1037/xhp0001422

Namboodiripad S, Kutlu E, Babel A, Babel M, Baese-Berk M, Bassuk PB, Block A, Perez RC, Carlson MT, Carraturo S, Cheng A, Cheng L, Combiths P, Frederiksen AT, Grammon D, Hayes-Harb R, Higby E, Kendro K, Koulidobrova E, Chien-Jer CL, Lin Z, Luque A, McGowan K, **Muegge JB**, Shea C, Tripp A, Woods SJ, & Wright KE. (2026). Finding our ROLE: How and why to reframe essentialist approaches to language. *Cognition, 271,* 106444. https://doi.org/10.1016/j.cognition.2026.106444

Muegge JB, Kim H, & McMurray B. (2026). Decoupling speech processing from time. *Trends in Cognitive Sciences*, *30*(1), 66-79. https://doi.org/10.1016/j.tics.2025.05.017

Muegge JB & McMurray B. (2025). Fundamental dimensions of real time word recognition in challenging conditions exhibit within-subject stability and link to outcomes. *Journal of Experimental Psychology: General, 154(9),* 2569-2598. https://doi.org/10.1037/xge0001788

Muegge JB & McMurray B. (2025). Understanding the process of integration in binaural cochlear implant configurations. *Ear & Hearing, 46(4),* 880-898. https://doi.org/10.1097/aud.0000000000001629

McMurray B, Smith FX, Huffman M, Roof K, **Muegge JB**, Jeppsen C, Kutlu E, & Colby S. (2024). Underlying dimensions of real-time word recognition in cochlear implant users. *Nature Communications, 15,* Article 7382. https://doi.org/10.1038/s41467-024-51514-3

McMurray B, **Muegge JB**, & Apfelbaum K. (2022). Multimodal bilinguals reveal complex pathways for flexible language processing. *Proceedings of the National Academy of Sciences (Commentary), 119*(41), e2213634119. https://doi.org/doi:10.1073/pnas.2213634119

Presentations

Posters

Muegge JB, McMurray B. (2026, May). *Individual differences in binaural integration approach and integration consistency in cochlear implant users*. Acoustical Society of America, Philadelphia, PA, USA

Fuchs Z, Muegge JB, Shea C. (2025, March). *Higher syntactic complexity requires more listening effort for Spanish-English bilinguals*. Society for Human Sentence Processing, College Park, MD, USA

Kim H, Muegge JB, McMurray B. (2025, May). *Extending the buffer: real-time cue integration requires encapsulated auditory memory, even at absurdly long durations.* Acoustical Society of America, New Orleans, LA, USA

Kim H, Kutlu E, Carraturo S, Muegge JB, McMurray B. (2025, May). *Is speech categorization consistency achieved in part through lexical knowledge?* Acoustical Society of America, New Orleans, LA, USA

Kearney P, Muegge JB, Kutlu E. (2025, May) *Exploring the impact of individual differences and SLP experience on accent perception.* Acoustical Society of America, New Orleans, LA, USA

Muegge JB, McMurray B. (2025, May). *Real-time word recognition in challenging listening conditions is defined by two primary dimensions, which exhibit within-subject stability and link to outcomes.* Acoustical Society of America, New Orleans, LA, USA

Muegge JB, McMurray B. (2023, November). *The underlying dimensionality of the mechanisms of word recognition in challenging listening conditions.* Psychonomic Society, San Francisco, CA, USA

Muegge JB, McMurray B. (2022, December). *Cochlear implant users show unexpected flexibility when recognizing words in challenging conditions.* Acoustical Society of America, Nashville, TN, USA

Grants and Funding

2026

Postdoctoral research supported by the National Institute of Health's T32 program, awarded to the University of Connecticut. *T32DC017703*

2022 DeLTA Center Interdisciplinary Research Grant. *Examining the role of proficiency and cognitive control in second language processing.*

Teaching

2025 PSY-2401: *Developmental Psychology*. University of Iowa, TA
2024 PSY-2812: *Research Methods II.* University of Iowa, TA
2024 PSY-2811: *Research Methods I*. University of Iowa, TA
2023 PSY-2601: *Introduction to Cognitive Psychology.* University of Iowa, TA

Advising

Undergraduate Students	2022 – 2025	Kate Heinz, Undergraduate Thesis
	2022 – 2025	Priya Kearney, Undergraduate Thesis
	2021 – 2022	Camila Morales, Undergraduate Thesis

Service

Ad Hoc Reviews *Applied Psycholinguistics (2); Frontiers in Audiology and Otology (1); Scientific Reports (1)*
